Seed / Planting source and field details

Complete all seed/planting source and field details below. Authorised inspectors will inspect the fields and charge fees on the basis of this notification. It is the responsibility of the grower to notify Plant Production when the crop starts to flower.

[illegible]

Notification checklist:

- ☐ Complete page 1 of notification with all contact details and signed (unsigned forms will not be accepted).
- ☐ Complete seed source and field details above.
- ☐ Enclose evidence of variety. Varietal evidence can be seed labels or other traceable evidence of planting stock.
- ☐ Enclose analytical report for THC of source. THC evidence must link back to the crop from which the seed or planting stock originated.
- ☐ Notification must be accompanied by an accurate map showing location of the hemp fields. Clearly define: the farm name and field; gates and fences; details of crops sown in adjacent fields; indicate North; roads, tracks and distances to nearest town.
